### Teamwork Essay Options

1. Select a winning professional sports team and identify the features that it shares in common with a successful team of employees in the workplace
2. Recall a past assignment in which you worked on a team whose members sharply disagreed with one another. Was the assignment accomplished satisfactorily? What lessons did the group members learn from this experience?
3. Write a case study about using teamwork effectively to avoid conflict in the workplace
4. Research the origin of the Gantt chart and report your findings.
5. Research and write a report on the effects—on individual employees and company morale—of workplace conflict that is not under control. Cite your references.
6. Identify the team roles you have held within various school and community groups. Do you tend to assume the same roles with each group? By assuming another role, how might you have improved team results?
7. Recall the teamwork experience that gave you the greatest feeling of pride.\
8. Report an example of teamwork that occurred at their respective training stations. Is teamwork encouraged by your employer? Do you think your employer should do this differently? What would you suggest?
9. Survey three or more companies to learn their definitions of “quality” Write a brief paper comparing and contrasting the definitions. How do they compare to this definition—Quality is the degree of excellence of something
10. Find a quote on teamwork, such as “Many hands make light work.” Explain what that quote means to you and how you have seen it in action at work, school, or community projects. Do you agree or disagree with the quote?
